

How does the family tree fit together?

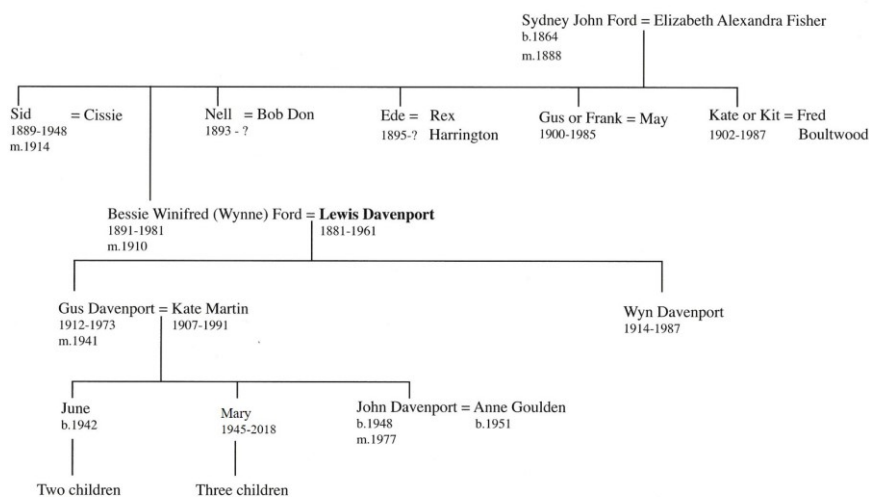

Lewis Davenport started the family interest in magic around 1900. Davenport's Magic Kingdom and Davenports Magic shop are now managed by his great grandchildren. With four generations involved and the fact that Lewis Davenport remarried when his first wife Julia died in 1909, it is not surprising that many people are confused about the family tree. The confusion is made worse by the fact that Lewis Davenport's real name was George Ryan.

The three charts below were initially compiled by Fergus Roy and Anne Goulden and were based on Anne's research. They appeared in Fergus Roy's *The Davenport Story, Volume 1: The Life & Times of a Magical Family 1881 – 1939*, published by Lewis Davenport Limited, London, 2009.
